

**MARSHALL CHILD DEVELOPMENT CENTER, INC.**

Resolution No. 2022-07

**RELATING TO CHANGES TO COVID-19  
MASKING, QUARANTINE, AND ISOLATION REQUIREMENTS**

WHEREAS, Article IV of the Amended and Restated Bylaws of the Marshall Child Development Center, Inc. (the “Corporation”) grants the Board of Directors the authority necessary for the administration of the affairs of the Corporation;

WHEREAS, the MCDC Board of Directors reserves the right to revise, supplement, or rescind any policies or portions of the MCDC Operating Manual from time to time;

WHEREAS, Resolution 2022-02 RELATING TO CHANGES TO THE OPERATING MANUAL grants the Board of Directors the authority to issue supplemental changes or updates to the Operating Manual outside a full update to the manual;

NOW, THEREFORE, BE IT RESOLVED that:

MCDC will follow Marshall Space Flight Center and Redstone Arsenal guidance on masking adults within MCDC. Children will not be required to mask.

The MCDC Board will review the most current guidance from the Centers for Disease Control for quarantine and isolation guidance for early care and education programs when making decisions about MCDC policies.

MCDC students and staff are required to isolate for 5 days following a positive COVID-19 test. Students and staff may return to MCDC earlier than recommended with a doctor’s note stating their approved return date. The date of a positive test is day 0, and the student or staff may return on day 6. Staff are required to wear a properly fitting face mask through day 10.

MCDC students and staff are not required to quarantine following a positive exposure, but are expected to be monitored closely for symptoms and test if symptoms develop.

MCDC will not as a matter of regular course close a classroom due to positive COVID-19 cases, but from time to time the Board may close a classroom for the safety of the larger MCDC community due to a high number of cases within a particular age group.

The MCDC Director will notify all affected classes when a student or teacher tests positive for COVID-19, and the last day that individual was at MCDC to enable families to make the best decision for their families.

MCDC is a community, and the protection of our most vulnerable is dependent on mutual trust. All families and staff are expected to abide by the guidelines above in good faith, and violation of these guidelines (e.g., failing to report a positive COVID-19 test or failing to test

when symptoms develop following a confirmed exposure) will be assessed by the Board of Directors and may result in disciplinary action, up to termination of membership.

This resolution supersedes any previous resolutions on this matter.

The foregoing was adopted by the Board of Directors of Marshall Child Development Center, Inc on the 12th day of August 2022.

  
Carrie Olden, President
